SIGNATURE FACIALS

GERNETIC FACIAL SKIN TREATMENT begins at \$115

This treatment includes Cleansing, exfoliation, 3 masks, extractions if needed, soothing massage, protective day creams and sunblock.

You will need to allow 75 minutes for this treatment.

As we cater your facial to suit your specific needs an ampoule or specialized mask may need to be added to your treatment to get best results.

Gernetic Skin Treatments are designed to restructure, restore, regenerate and nourish the skin.

The Gernetic Facial is especially beneficial for skin disorders, rashes, redness, pigmentation, acne scarring, wrinkles and promotes corrective healing treatment for blackheads, sensitivity, premature ageing and sagging.

GERNETIC MINI FACIAL \$69

For those who don't have time for a full facial the mini facial takes approx 30-40 minutes and includes cleansing, exfoliation, mask and day cream.

AN INTENSIVE TISSUE BOOSTER \$149

A 90 minute skin treatment that lifts and firms weakened muscle tissue or wrinkles, instantly and painlessly.

Gernetic Homeopathic holistic products are based on biotechnical ingredients that are extremely active once they touch your skin.

The I.T.B includes a thermal mineral modelling mask which effectively doubles product penetration.

Made from amino acids, minerals, proteins, vitamins and trace elements, they really are effective.

Try them for yourself.

LASER THERAPY

Low Intensity Laser Therapy accelerates the healing ability in your skin allowing a much faster recovery time.

The Laser DOES NOT BURN the skin at all and is safe enough to use on babies, but works quite efficiently on wrinkles as well.

This type of Laser is a Class 3B Painless & will never burn the skin.

DIATHERMY \$60 for 10 minutes

Diathermy is the process of red vein removal, milia removal and skin tag elimination and is performed at short intervals.

It consists of the controlled cauterisation of the exposed capillary and in minimal cases may take 3 – 7 days to properly heal. Most people find that a day later their skin is completely fine.
